

TOURNAMENT HELPERS are the people who do not receive training prior to the tournament and get an assignment to help where needed from the Volunteer Coordinator.

QUALIFICATIONS FOR TOURNAMENT HELPER:

- preferred age 18 or over, but may be a mature high school student
- available on day of tournament, either part-time or full day
- provide name and contact information to Volunteer Coordinator, preferably in advance
- whatever help you provide, reflect a POSITIVE and ENCOURAGING attitude to all children and adults encountered at Tournament

WHAT WOULD I DO AS A TOURNAMENT HELPER?

Tournament Helpers may be asked to work the check in desk for Instant Challenge or at the Volunteer Desk. They may be door-keepers (so that a team's performance is not interrupted), or may direct or escort teams from one area to another. Helpers monitor teams in holding rooms or in chill-out rooms (Instant Challenge), provide support in Rising Stars, assist in hospitality, help transport materials/supplies to various sites, or perform any service you negotiate with the Volunteer Coordinator .

WHO CAN BE A TOURNAMENT HELPER?

Parents and family can be helpers. Once the Team Challenge schedule is published, about 2 weeks before the tournament, family members can volunteer for a two hour shift that does not conflict with the team's performance time. Helpers who cannot attend training can provide service for the full day, or for a half day.
